A REGULAR MEETING of the membership of the NATIONAL SCRIP COLLECTORS ASSOCIATION was held on Saturday, May 2, 1987, at 8:00 a.m., at the Holiday Inn, Oak Hill, West Va. President Crawford Blakeman ascertained the presence of a quorum for the transaction of business.

All members present were introduced, it being noted that members were present from many states including Florida, Alabama, South Carolina, Illinois, Texas, Kentucky, Tennessee, Virginia, West Virginia, Pennsylvania, Ohio, etc.

CRAWFORD'S CORNER

As is always the case, the West Virginia boys did themselves proud; another very excellent meeting at Oak Hill. My thanks to John Podgurski, Harold Snodgress, Walter Caldwell, Elwood Maples, and any others who helped. Jim Thompson and Harold Lee took me to see the New River Gorge bridge Saturday morning, and when they say they have a high bridge, they mean it.

Walter will have reports on the business end of the convention, so I will not take space except to thank everybody for all the work done during the past two years. We need work on our membership as always, but in several ways we have made much progress. Before too long we will be publishing David Schenkman's catalog on coal company exploder tokens, the first work of its kind and listing exploders in as complete a manner as possible. For the first time, we had exhibits at Oak Hill, thanks to Paul Jensen, Jerry Schaeper, and Paul Wagaman, members of the exhibit committee. If you are interested in showing something from your collection in October, get in touch with Paul. Exhibits are not limited to scrip, and may be of anything relative to mining, lumber, mills, etc., subject to available space.

Congratulations from the President are in order to Paul Jensen for winning the Fred Lange Outstanding Member Award, to Lowell Howard for the Ancil Donohoe Literature Award, and to Harold Snodgress for the Gordon Dodrill Membership Award.

Welcome to our new Vice-President, Harold Snodgress, elected to replace John Taylor who did not wish to serve again at the present time. Congratulations, Harold, and thanks John Taylor for all your help.

Mark your calendar now for Oct. 3 and 4, Holiday Inn, Prestonsburg, Ky. This will be on our changed schedule of Saturday and Sunday in place of Friday and Saturday.

FIFTEEN YEARS have passed since the formal National Scrip Collectors Association organization in Fayetteville, West Virginia. 1252 persons have been in and out as members of our group in this period of time!! My unofficial records indicate that 72 persons have maintained consecutive membership for the fifteen year period - a listing of these members will be found in this issue of the bulletin. Our present membership stands at 360 members paid for 1987. This is our lowest paid membership in several years and indicates a great need for all members to put special effort in recruiting!! An application blank will be found in this issue of the bulletin - USE IT !! Every person that you get interested in collecting coal and lumber tokens will reflect directly on the value of the tokens in your personal collection !! The economic theory of 'supply and demand' will reflect this with an increased membership !!

SALE COMMENTS: What can I say? The good items from the Ross Collection were recognized by bidders and they acquired some mighty fine tokens at a fair price!! The highlight of the sale, as I anticipated, was Lot No. 53 - the fine pictorial set from Buck, Oklahoma featuring the head of a buck deer- went for \$178.00. This is the first in many years that this set has been offered in a Mail Auction !! And, lots of other good material received good bids ---yet - there was still plenty of good scrip that went for \$1.00 per token. Many sets went for only \$5.00 per set - a very good buy!! Members who will take the time to study the lot listings and mail in bids will be amply rewarded as time goes by!! Part Two of the Ross Collection features items from the state of Kentucky - many, many items not offered in a recent mail bid sale!! Better check out the listings and get your bids in early!! Remember - on tie bids, the earliest postmark is awarded the lot!!

SCRIP TALK

"dis and data"

The Oak Hill Convention was great!! They came from far and near as is noted in another section of this bulletin!! Scriptor C. F. Colley caught all by surprise by starting the sale of his personal collection and what a collection!! Eager buyers were crowded in his room each day and he mentioned that other portions of the collection would be sold at the next meeting in Oct. in Prestonsburg, KY....Scriptor R. R. Tippy writes that he was sorry that he had to cancel his plans to attend the Oak Hill event. His son has had a leg amputated and also has some heart complications. He is presented a patient in a VA facility at Nashville, TN.... The Ross Collection is attracting a lot of new bidders.. The last sale had over 10% of our membership participating and about all bidders won some of the lots. Don't miss the great Kentucky listings in this issue at your bid prices!! Be sure and note the ads by Scriptors Whisman and Mann in this issue. Your opportunity to fill some holes in your token collections!! Too, Scriptor William Stump is offering a top price for tokens needed for the museum collection that he is working on!!The Janitor failed to get the 'heading' changed on Page One of this issue showing Scriptor Corky Snodgress as a new Vice-President replacing John Taylor. We will have this change made in the future issues... Scriptor Paul Jensen worked hard in getting exhibits for the initial trial run at Oak Hill. The trophies (which he donated) were really nice and were made by a new laser reproduction method which engraved the NSCA logo on the plaque plate.. Like awards will be made at the Prestonsburg, KY event in the fall so start making your plans now to enter an exhibit of tokens, paper items, artifacts, or what have you!! Note the rules published in a recent issue of the bulletin!!.. Scriptor Spencer A. Waters has forwarded info on a museum in Dora, AL that is devoted to scrip (clackers). Ms. Margene Ellis, Coal Mining Museum, Dora, AL is seeking donations of mining items for the museum. Too, Scriptor Billy Wood of AL donated tokens from the museum at the Oak Hill meeting. Why not send along a few items from your duplicates for this good cause!!Scriptor Arlie Slabaugh pens that the death of his mother-in-law, who made her home with him, prevented his coming to the Oak Hill event. He is seeking info on the Oakland Coal and Coke Company of Corinth, WV. If you can help write him at: 1025 Crozer Lane, Springfield, PA 19064. Arlie gave me much valuable information way back there when I first published a listing of known coal mine scrip and his informative token information is included in the current Edkins Catalogs:....Scriptor Bill Williges of CA reminds that we sometimes spell his name incorrectly! He sent along an article about a one man mine and the regulations that federal inspectors placed on him --"twice a month he was to search himself for cigarettes and matches before entering his own mine"..."He was supposed to check in and check out, so that he would know if he was in or out of the mine???".... Hope that you have noted the ads by BANK NOTE REPORTER in current issues of the bulletin!! Why not send in for a trial subscription??Scriptor George Hosek reminds of the great ATCO show coming up in Omaha in September. See their ads in the past issues and try to attend if you are close by.....Scriptor Dave Schenckman, Box 366, Bryantown, MD 20617 reminds all members to forward rubbings, etc. of exploders so that they can be included in the new catalog to be published by NSCA.....Don't miss the next issue of the bulletin which will feature an article on the Anton mine lamps.... Scriptors Mark Ballard and John Podgurski have been working on the lamp articles. We need additional articles on tokens in your collection that merit attention. Send in your material...

OAK HILL CONVENTION - MAIL - FLOOR AUCTION SALE - FRIDAY, MAY 1, 1987

85 lots in the sale brought \$1,435.18, of which \$1,208.11 went to consignors and \$227.07 to NSCA for commission. This was more than enough to cover the meeting expense so the balance was placed in the NSCA general fund.

A W. M. Ritter Lumber Co. 5¢ was the star of the show, bringing \$70.00. Runner-up was a scarce St. Bernard Coal Co. 50¢ Meat Check from Earlington, KY which went for \$60.00. Other single pieces bringing high prices were Robinson Creek Coal Co. 25¢ (a maverick) \$48.00. Benito Mining Co. (KY) 10¢ \$42.75; Carbon Glow Coal Co. \$1 (KY) \$41.00. A five piece set from Hayden Bros Coal Co., Haybro, Colorado brought \$65.00 and a five piece set from Yankee Mercantile Co., Yankee, NM \$54.50. Both of these were topped by the \$75.00 price realized for three unlisted pieces of Yankee Mercantile.

The auction contained 71 coal pieces, 7 lumber pieces, 5 exploder tokens, and an unused copy of Edkins 1st Edition. In addition, a commemorative token issued by the Alabama Mining Museum, Dora, AL - donated by Scriptor Bill Wood - and three WV tokens donated by Scriptor Elwood Maples.

The average price for the 85 lots was \$16.88. This compares to \$12.71 for 92 lots at the October 86 meeting and \$17.78 for the 105 lots in May of 86.

Altogether, 26 bidders registered for the auction with 17 of them obtaining 65 lots. The other 20 lots went to 12 of the 21 mail bidders. Many mail bidders received their pieces for less than their maximum bid. Bargains were selling all over the place to those who raised their hands, in that 42% of the tokens went for much less than their listed book value (example, 21 lots at \$5.00 and 15 lots from \$6 to \$10). On the other side 22 lots sold for prices ranging from \$20 to \$70.

All in all, this was another successful auction which held the interest of the bidders and spectators down to the last lot. It is now time to start thinking about the October 1987 meeting auction which will be in Prestonsburg, Kentucky. A listing is proposed for the August 1987 issue of "SCRIP TALK". If you have any tokens, bonds, stocks, lamps or other coal or lumber memorabilia, send them to the:
AUCTION COORDINATOR, P. O. BOX 3015, OAK RIDGE, TENNESSEE 37830 not later than July 15, 1987.

Tokens should be R7 or higher and other items should be worth over our minimum bid of \$5.00. Our commission schedule is 20% through \$10.00 - 15% \$10.10 through \$50.00 - 10% \$50.01 through \$100.00 and 5% for items \$100.01 and up. If you prefer, you can send us a list first.
